VIRTUAL BROCHURE OF SERVICES

2022

The First

**Independent 501(c)3 Crime Prevention and
Public Safety Citizen Training Agency in Georgia**

© 2022 Metropolitan Atlanta Crime Commission ALL RIGHTS RESERVED

SUMMARY:

THE METRO-ATLANTA CRIME COMMISSION

Founded in 2013, the Metropolitan Atlanta Crime Commission was created as a non-profit corporation to inform, train, prepare and equip citizens for their proactive role in public safety and to comprehensively define what public safety is, as well as where every person, agency or group fits into the public safety model to prevent crime.

The MACC is the first independent non-profit crime prevention, public safety citizen training agency with specialized instruction for citizens in the State of Georgia. We work with, educate, train, inform and assist every element or link of the public safety chain in order to lawfully, simultaneously and peacefully stop, deter, prevent and reduce crime throughout metro-Atlanta.

This is accomplished through strategic and specialized crime prevention training for women, youth, senior citizens, businesses, ministries, local political leaders and local law enforcement. Also through services such as our new Metro Atlanta Citizen Patrol which provides the proven plan, the training and the means for citizens to be even more proactive in the safety of their own communities. We have also worked with, partnered with and assisted both local law enforcement and other first responder agencies. Currently the MACC is seeking corporate, community, judicial and law enforcement partners.

The Metro-Atlanta Crime Commission also develops community public safety plans and offers several programs, services and public safety initiatives. We provide 5 police support services and 7 citizen support services. And our members, partners, advisers and staff consists of current or former attorneys, police officers, executive protection agents, detectives, concerned citizens, community and local political leaders. STILL, **WE NEED YOUR HELP TO HELP METRO-ATLANTA! Contact us today!**

OUR 11 FOUNDATIONAL PILLARS

1. There is both a limited and fundamental misunderstanding of what “public safety” is, who should do what and what resources are needed.
2. Public Safety and law enforcement are not the same thing.
3. No police department has enough police officers to protect its individual citizens. Solo was never the plan or they would have been created to fail.
4. Community Policing and crime prevention are not the same thing.
5. No 1 agency nor organization is equipped to handle crime alone.
6. Only trained, prepared, alert, aware, law-abiding, proactive citizens are the first line of defense against crime.
7. There will never be more police officers than criminals. But there will always be more citizens than criminals. So training citizens makes sense.
8. Local law enforcement is mostly intervention and curative. While comprehensive public safety is more prevention.
9. It takes an entire community to prevent crime.
10. Citizens have a duty and inherent authority to lawfully protect themselves, their homes and their communities.
11. Burning out local police, expecting them to do what they can't do alone and then blaming them neither helps any of us nor solves the problem.

Unfortunately the police
won't always be there
when a crime happens.

*But the victim and
the criminal will. Now what?*

Most Police Officers Are Heroes,
NOT SUPER HEROES, NOT BODYGUARDS

AND YOU ARE THE FIRST LINE OF DEFENSE FOR YOUR SAFETY

**He says
“Don’t Move”
so you can’t
dial 911.**

**Now what
do you
do?**

Don't Be A Sitting Duck

Criminals practice crime but if you don't practice crime prevention, you are practicing to be a victim.

The best defense in crime prevention is an aware, alert, prepared and informed proactive citizen.

The police cannot be everywhere, all the time, just in time, every time. And criminals know this.

No police department in any major city in America is staffed and resourced adequately to handle all the crime. But we all wish they were.

Meet Vic
The Sitting Duck

PUBLIC SAFETY

AN ACCURATE, COMPREHENSIVE DEFINITION

"The joint, coordinated, consistent, strategic and simultaneous efforts of citizens, agencies, organizations, individuals, tools, laws, regulations, programs and resources to bring about the safety of our citizens."

**Metro-Atlanta
Crime Commission**

METRO-ATLANTA CRIME COMMISSION PUBLIC SAFETY FACT SHEET

What Is Comprehensive PUBLIC SAFETY?

Whose Responsibility Is It?

Where does Citizen responsibility fit in?

What About Police "Protect and Serve"?

Criminals and the Police are trained but an untrained public is in grave danger!

"Public Safety is the joint, coordinated, consistent, strategic and simultaneous efforts of citizens, agencies, organizations, individuals, tools, laws, regulations, programs and resources to bring about the safety of our citizens." MACC

Did you know?

- The Supreme Court Ruled in 2005 that local police are not responsible for individual citizen safety?
- Public Safety and Law Enforcement are not the same thing?
- Public Safety starts with the trained, proactive public?
- Trained, aware, proactive, prepared Citizens are less likely to be victims of crime?
- There will never be enough police officers, but there can be enough trained citizens to stop, deter, reduce and/or prevent crime, if cohesive and complimentary roles are defined?

**The Metro-Atlanta Crime Commission
is the top crime prevention public safety
training agency for citizens in Georgia.**

www.publicsafety411.com

UNDERSTANDING THE RESPONSIBILITY OF PUBLIC SAFETY

PUBLIC Safety is primarily a community crime PREVENTION responsibility and therefore never the responsibility of law enforcement alone. Local law enforcement is primarily INTERVENTION, coming to the scene when incidents occur or afterwards as soon as possible.

Unfortunately there will never be enough police officers because the role of police officers was never designed for them to be body guards for citizens. And because there will always be more crime than police officers, a city cannot "police" it's way out of crime. Nor can throwing money at the problem ever resolve at the core. **The PUBLIC is the key to public safety.**

The solution to simultaneously stopping, reducing, deterring and preventing crime is to put a well-trained, pro-active and informed public back into a comprehensive public safety model from every angle, a model that deters crime, offers opportunity, incentivizes and rewards desired behavior while promoting legal, fair and balanced accountability. Because the solutions and responsibilities have been fundamentally misunderstood, real solutions have seldom been applied. And crime continues.

Public Safety Analysis: Citizen and Police Responsibility

A CITIZEN'S PUBLIC SAFETY RESPONSIBILITY

The right, responsibility and authority for citizens to ensure their own personal safety and the safety and security of their own homes, property, neighborhoods and communities is foundationally inherent in the very terminology and concept of Public Safety. In metro-Atlanta Public Safety has not been properly defined.

The **proper application of such public safety by citizens**, in order to adhere to the law, work in tandem with local law enforcement and avoid vigilante behavior **must require competent training**, equipping and unification of citizens in the public safety effort. We must not tolerate any more No more Trayvon Martin nor Ahmaud Arbery outcomes.

POLICE "PROTECT AND SERVE"

In 2005 the United States Supreme Court ruled by a majority that local police officers are NOT responsible for the public safety of individual private citizens unless those citizens are in their custody. (Paraphrased) Subsequently, after the Parkland Florida shooting, it appears that a federal judge upheld and the Supreme Court ruling, stating that the students were not in the custody of the school resource officer from the Sheriff's department (paraphrase).

If you would like a summary of the court case referenced above, please visit www.publicsafety411.com and send an info request for the data and fact sheet. This is one big example why Public Safety must be comprehensively, strategically, collectively and collaboratively much larger, broader, far reaching and inclusive of proactive public involvement than the expectation that police officers should do it all.

THE PUBLIC SAFETY PYRAMID Of Proactive Crime Prevention

This inverted pyramid created by the Metro Atlanta Crime Commission shows where every person, agency, business and organization fits in to help stop, reduce, prevent crime and increase public safety. And until everyone knows where they fit, division will be exploited by criminals, crime will continue to surge and no agency will ever have enough expertise, staff nor resources to prevent crime and ensure public safety.

The #1 Independent Crime Prevention Public Safety Training Agency For Citizens in Georgia

5 KEY ELEMENTS

For Public Safety To Stop/Prevent/Reduce/Deter Crime

- Genuine Desire to do it, not to just keep talking about, analyzing and studying it.
- Knowledge including experts, a plan and methodology.
- Tools and resources from several sources, private & public.
- Action from the grass roots level, in the field, on the ground.
- The support system of services, collaborations, partnerships, shared resources, volunteers and ideas.

The solutions are complex but very achievable, with the right expertise.

What About ***SURVEILLANCE CAMERAS?***

Surveillance Cameras only deter some types of crimes and criminals. Yes they serve a purpose, but what cameras often do is identify the problems as they happen, the very problems that prevention, deterrence and pro-active trained citizens can stop.

**** There are cameras everywhere in Atlanta and still Atlanta hit a 20 year all time crime high.***

Government & Regulations

Atlanta to spend \$1.6 million for surveillance cameras to combat crime spike

Atlanta is spending nearly \$1.6 million to add more security cameras and license plate readers throughout the city.

SPECIAL

By [Dyana Bagby](#) – Reporter, Atlanta Business Chronicle, Atlanta Business Chronicle

Strategic growth planning execution e-book
Address strategic growth challenges *today* to position your organization for future success

REMEMBER THE DEFINITION OF “INSANITY”?

Cameras are everywhere and some criminal types could care less. These cameras provide more intervention and curative solutions than prevention.

THE REAL PROBLEMS

- **DEFINITION** of Public Safety and public responsibility.
- **DIVISION** - Between citizens, politicians, organizations and multiple law enforcement agencies amongst themselves and the others.
- **GUIDANCE** – Not listening to the right people.
- **PLANS** – No cohesive plan to stop, deter, reduce and prevent crime. The right people have real solutions.
- **UNTRAINED PUBLIC** – Sitting ducks for criminals.
- **ECONOMIC** – Crimes of necessity are fueled by need.
- **PERSONNEL** – Police Staffing Shortages
- **EXISTENTIAL** – Egos, Attitudes, Offense, Other Agendas
- *Police officers get stuck in the middle between political officials and angry, uninformed or unprepared citizens.*

The Whole Truth About THE SPIKES IN LOCAL CRIME

The truth supported by the facts is unpopular. But to solve the problems, quite a few people will have to take a look in the mirror. A request that is also very unpopular. Our analysis shows the following in large part are the reasons for the spikes and consistency in local crime. Every one of these must be tackled simultaneously, strategically and collaboratively. No more studies are needed and no more “busy work” meetings are necessary. It’s past time to get to work at the grass roots level, not in offices or at conference tables.

The rises in local crime are a result of parents not being parents anymore, the glorification of money and thug life, scapegoating instead of personal responsibility and accountability, economically destitute circumstances, a lack of identity, disintegration of the inner city family and fathers absent from the home. Teachers should not have to raise out children and police officers should not have to assume the role of home disciplinarian.

Today too many of the heroes of the inner city children are thugs, athletes, talk show hosts, comedians and glorified strippers. Marijuana is glorified at a time when no young person can afford to have his or her mind and judgement clouded. And instead of teaching our youth problem and conflict resolution, the message to so many of them is that they can simply smoke their problems away. Adults must set the example by working together with real solutions.

Analysis:

The Benefits of Trained Citizens

1. Criminals and Police Officers Are Trained
2. Untrained Citizens Are Sitting Ducks
3. Increased Awareness / Threat Assessment
4. Increased Preparedness
5. Self-Defense = Less Injury and Greater Chances of Survival
6. Less Likely To Become Victims
7. Decrease in Required Police Response
8. The more and better citizens can protect themselves, the less the police have to protect them. (See #6)

SERVICES

Please keep in mind we are always upgrading, adding and increasing our scope of services to assist citizens and law enforcement as needed.

METRO-ATLANTA CRIME COMMISSION

SUMMARY OF SERVICES

1. Crime PREVENTION Training For Women
2. Crime Prevention Training For Senior Citizens
3. Crime Prevention Training For Youth
4. Public Safety Plans: Home/Business
5. Police Encounters 101
6. Youth Programs: Life Skills, Entrepreneurship
7. Self-Defense & Weapon's Training
8. Police Support Services
9. Mediation Services
10. Metro Atlanta Citizen Patrol

MACC Crime Prevention Training Programs

Primary Training Classes/Workshop/Seminars:

1. Senior Citizens Crime Prevention/Safety Program
2. Youth Safety Training
3. Crime Prevention for Women

Residential Safety

1. Personal Home Protection
2. Neighborhood Watch Development/Training
3. Community Safety

Holiday Personal Safety Program:

1. Halloween
2. Black Friday
3. Shopping Malls
4. ATM Safety

Specialized Group Safety Training:

1. Business Safety
2. Personal Safety For Realtors
3. Internet Personal Safety
4. School Teacher and Administrator Safety
5. Travel and Vacation Safety
6. Workplace Violence / Sexual Harassment
7. **Member's Only Database with referral services, partner programs, research, free resources and crime prevention updates.**

TRAINING FORMAT

All training classes are a minimum of two hours and include question and answer sessions, interactive participation, video analysis and demonstrations.

Some of our training programs have multiple stages such as Georgia Citizens Police Encounters Academy Police Encounters program which includes Police Encounters 101, 102, 201 and 202. All separate sessions and training classes are interactive.

OUR INSTRUCTORS

Our professional, experienced instructors include former detectives, attorneys, current veteran law enforcement officials, executive protection agents, security specialists, attorneys and legal analysts, martial arts experts, communications specialists and academic professionals in sociology and psychology.

It takes a combination of Select instructors from a variety of interrelated fields working cohesively to effectively train the public. Law enforcement alone neither has the expertise, the mandate, the manpower nor the time to do it all alone.

TRAINING PROFILES

How do we select what training programs to develop and their content?

1. Target Audience Profiles
2. Atlanta Crime Statistics
3. Crime Hot Spots
4. Community Identified Problems
5. Requests

Metro-Atlanta Citizen Patrol

*An Independent Community Public Safety Initiative Of
The Metro-Atlanta Crime Commission*

A citizen patrol does not mean chasing, subduing, confronting nor detaining anyone. Nor does it mean you are trying to be the police. But visibility, more eyes and ears, unified communities and trained, proactive citizens are proven, effective deterrents against crime.

*There is also strong precedent for citizen patrols. They are all over the country. They are all over Georgia. They are in cities all around Atlanta. And **the Metro-Atlanta Crime Commission conducted a 2 year test market of our citizen patrol from 2020 to 2021 with 96 assists of police officers and citizens. Our results were 0 NEGATIVE INCIDENTS.** The Metro Atlanta Citizen Patrol we launched will work and has been working. Help us help metro-Atlanta instead of competing with us!*

Atlanta Should Not Be The Last In Line To Catch Up So the Metro-Atlanta Crime Commission Stepped Up

AND WE NEED YOUR SUPPORT

Crime Prevention / Public Safety

CITIZEN TRAINING

- For Women
- For Senior Citizens
- For Youth
- For All Citizens / Neighborhoods
- For Businesses
- For Churches / Ministries
- Group Training Sessions
- Individual/Private Instruction Available

***Public Safety is not the same as law enforcement.
Crime prevention is not the same as community policing.***

Crime Prevention Training

FOR YOUNG PEOPLE

Our crime prevention training for YOUTH includes all of the following in a group interactive or online setting for young people ages 10-18:

1. Human Trafficking Awareness & Prevention
2. Anti-Bullying and Safe Responses
3. Problem and Conflict Resolution
4. Threat Assessment
5. Police Encounters 101 (Police Interactive)
6. The Right Friends, Being in the Right Places
7. Safe, Effective, Confidential Crime Reporting
8. Your Role in Community Public Safety
9. Role-plays and Demonstrations
10. Critical Questions and Answers
11. Youth and Student Input: Adult Listening

TRAVEL PUBLIC SAFETY

Almost any “smart” criminal can spot a tourist in his or her city and where that tourist is vulnerable. We change much of that with our training program designed to increase your safety when you travel.

From the airport to the ship to the hotel to the beach or other attractions, we can make you safer and much less likely to be a victim.

HOME SAFETY PLANS & ASSESSMENTS

We develop customized home safety plans that slow down, stop and deter criminals without making your house look like a prison. The MACC offers home safety assessments to citizens for perimeter and internal protection. ***How secure is your home?***

Most people would not know what to do if a home invasion occurred at 2am in the morning. Go through our training and you will be one of the most prepared people you know.

Keep in mind deterrence and prevention are key because police officers cannot realistically be everywhere, all the time, just in time. Alarms are not enough when criminals learn how to bypass them. Crime Prevention prepares the citizen.

For most citizens, there are only 2 screws between citizen safety and criminal entry. And criminals practice.

HOLIDAY PUBLIC SAFETY

Certain types of professional criminals strike during the holidays therefore certain types of crime are more prevalent.

The MACC has identified those crimes and developed crime prevention training programs specifically geared toward protecting citizens and businesses during the holidays.

PUBLIC SAFETY PLANS

The Metro-Atlanta Crime Commission (MACC) develops customized, comprehensive public safety plans for:

- Neighborhoods
- Churches/Ministries
- Organizations
- Small Businesses
- Corporate Businesses

FIREARMS & SELF-DEFENSE TRAINING

Gun's don't kill people. People who should not have guns use them to kill people. Guns are only dangerous in the wrong and untrained hands. Otherwise they are safe and simply metal and plastic. But you do have a 2nd amendment right to bear arms. And used only when absolutely necessary, a firearm could save your life.

We train citizens and promote, lawful, safe, responsible gun ownership. ***We also provide training in the use of other protection devices and hands-on self-defense training, especially for women, youth and senior citizens.***

If law-abiding citizens are discouraged from having guns, only the criminals will have the guns and the advantage.

Another Metro-Atlanta Crime Commission Initiative
THE “GUN CONTROL” FORUM

Welcome To The
METRO-ATLANTA CRIME COMMISSION
Gun Control
Public Safety Summit

One of the actual Metro Atlanta Crime Commission Gun Control summits.

Attended and supported by police officers. And attended by citizens on both sides of the issue.

The MACC brings people together to solve the problems.

Police Encounters 101

Our one-of-a-kind Police Encounters 101 citizen training program was created as a part of GCPEA to inform citizens how to handle a police encounter properly, calmly, lawfully and safely, thereby impacting the dynamic and outcome of the encounter as safer for everyone.

A summary of the program is available on our website (www.publicsafety411.com) or you can request specific detailed information from the site.

Because we interviewed hundreds of police officers (and listened) in order to create this program, **Police Encounters 101 has strong police support.** We also utilized the input of attorneys, citizens, behavioral specialists and clergy.

The Metro-Atlanta Crime Commission
Presents:
Police Encounters 101

POLICE SUPPORT SERVICES

And For Other First Responders

The MACC provides 5 police support services under the authority of *Georgia Code Section 51-1-29* and as requested by local law enforcement, the fire department or medical agencies. A few of these services are listed below. **For a full list, send an info request via email to publicsafey411@yahoo.com**

- Stand-By Support in the Field
- Traffic Assistance During Emergencies
- Personal Protective Equipment (PPE)

We also partner with local police departments, train officers in citizen public safety instruction and engage in joint projects with local law enforcement to increase public safety.

Our vehicles are clearly marked and equipped to provide such services. And our staff wear identifiable public safety ID badges, logos and insignia which clearly distinguishes them from local police officers.

CRISIS EMERGENCY RESPONSE TEAM (CERT)

The MACC Crisis Emergency Response Team (CERT) assists citizens, local law enforcement and other first responders by providing emergency traffic and accident assistance, pandemic supplies, safety briefings and natural disaster resources as needed.

During the Covid-19 Pandemic, our CERT provided N95 masks, sanitizer, gloves and other resources to first responders, and senior citizens as well as safety briefings.

What Is An Emergency Response Team?

Emergency response teams (ERT), also called incident response teams, are groups of people who prepare for and respond to emergency incidents such as natural disasters, security threats, public health crises, or other potential business disruptions. The goal of an ERT is to restore or maintain operations and minimize losses during an emergency incident.

MEDIATION SERVICES

Problem and Conflict Resolution As Prevention Of Avoidable Confrontation

The MACC offers inexpensive, neutral and confidential Mediation Services conducted by trained mediators via 3-way calls, in person or Zoom video conferencing. We contact all involved parties and follow up for a period of 90 days. This is a part of our problem/conflict resolution program for families, neighbors, businesses and relationships.

Many of the conflicts that end up in court or requiring local law enforcement intervention could have been avoided if they were resolved early enough before matters go critical.

YOUTH SERVICES

A hand holding a glowing lightbulb with a network overlay. The background is a blurred image of a hand holding a glowing lightbulb, with a network of white dots and lines overlaid on it. The lightbulb is glowing with a warm orange light.

Our Youth Services are designed to reduce recidivism, offer positive and safe economic options, youth empowerment and life-skills.

- Ages 10-17 (Ages can be extended)
- Youth Entrepreneurship Program
- Community Service Credit Hours
 - College Internships

Life Skills Training In:

- Money Management

what about now?**

How Safe Are You?

Public safety is first and foremost a personal responsibility. Criminals practice crime but if you don't practice preventive, proactive, collaborative and comprehensive crime prevention/intervention, you are practicing to become a victim. When tragedies happen, its not just about blame. It's about prevention of reoccurrence. It's about safety. It's about balanced, fact-based solutions.
